

PROFESSIONAL SUMMARY

B.Tech Data Science student with an 8.5/10 CGPA and hands-on experience in Python, SQL, Excel, Power BI, data analysis, machine learning, and AI through practical projects. Experienced in data preprocessing, EDA, visualization, and deploying interactive applications with Streamlit. Seeking opportunities in Data Science, Data Analytics, and Machine Learning/AI.

TECHNICAL SKILLS

- **Programming** : Python, SQL, JavaScript, HTML, CSS
- **Data Analysis** : Pandas, NumPy, Excel
- **Data Visualization** : Matplotlib, Seaborn, Power BI
- **Machine Learning & AI** : Scikit-learn, Deep Learning, Classification, Statistic, Regression
- **Web & Frameworks** : Streamlit, Django
- **Databases** : SQLite, MySQL, MongoDB
- **Tools** : Git, GitHub

PROJECTS

➤ House Price Prediction [GitHub](#) [Live Demo](#)

Python | Pandas | NumPy | Scikit-learn | Streamlit

- Built and deployed an end-to-end house-price prediction pipeline using the Ames Housing dataset, incorporating data cleaning, feature engineering, Gradient Boosting, and Streamlit deployment, achieving an R^2 score of 0.92.

➤ Banking Fraud Analytics [GitHub](#) [Live Demo](#)

Python | Pandas | NumPy | Scikit-learn | Streamlit

- Developed a fraud analytics and machine learning workflow for identifying potentially fraudulent banking transactions.
- Compared classification models and evaluated performance using accuracy and ROC-AUC, with results presented through an interactive Streamlit dashboard.

➤ Customer Churn Prediction [GitHub](#) [Live Demo](#)

Python | Pandas | NumPy | Scikit-learn | Streamlit

- Built an end-to-end churn prediction pipeline on 7,032 customer records with preprocessing, EDA, feature engineering, model training and evaluation.
- Compared Logistic Regression and Random Forest; Logistic Regression achieved 80.38% accuracy and 0.836 ROC-AUC.

➤ AI Resume Matcher [GitHub](#) [Live Demo](#)

Python | NLP | Scikit-learn | Streamlit

- Built an AI-powered resume analysis and job-matching application using NLP and machine learning to compare candidate skills with job requirements.
- Developed an interactive Streamlit interface providing resume analysis, matching scores, and actionable candidate insights.

➤ AI Video Highlight Generator [GitHub](#) [Live Demo](#)

Python | OpenCV | Librosa | MoviePy | NumPy | Streamlit

- Developed a video-highlight generation pipeline combining visual-motion and audio-energy analysis to identify high-interest moments.
- Implemented excitement scoring, highlight selection, automated clip generation, and an interactive Streamlit interface.

EDUCATION

Bachelor of Technology (B.Tech) in Data Science

Aug 2023 – May 2027

Swami Vivekananda University, Barrackpore, Kolkata | CGPA: 8.5+

Coursework: Machine Learning, Deep Learning, DSA, Database Management, Statistics, Data Visualisation, Web Development

Higher Secondary — Science | Nachinda J.K. High School (H.S.), Purba Medinipur

Apr 2021 – Mar 2023 | 69%

Secondary — WBBSE | Nachinda J.K. High School (H.S.), Purba Medinipur

2015 – 2021 | 83.83%

CERTIFICATION

NPTEL Certification — Software Engineering

Score: 61%

LANGUAGES

- English (Professional)
- Hindi (Fluent)
- Bengali(Native)

HOBBIES & INTERESTS

- *Coding*
- *Cricket*
- *Music*
- *Reading*
- *Learning Different Languages*
